

**English Translation of the text from the letter of the public prosecutor office Frankfurt am Main,
dated April 11, 2019
Subject: File Number 7580 AR 301122/19**

To the criminal complaint
Crystal L Schultz from 22.03.2019

against a large number of persons named by name
because of the accusation § 263 StGB and others

the initiation of preliminary proceedings is rejected (§§ 152 Paragraph 2 in conjunction with § 160
Paragraph 1 of the Code of Criminal Procedure).

Reasons:

The criminal complaint made by the person making the report does not reveal any criminal acts of the reporters, in particular it does not describe any facts that are self-explanatory, but merely refers to external events and legally appreciates them. Since in this respect crime periods from 2007 - 2013 are mentioned, any underlying offences - here the regular limitation period of 5 years according to the German Penal Code for the designated offences - are also likely to be statute-barred. The initiation of investigations was therefore to be rejected (§ 152 para. 2 StPO).

Instructions on legal remedies:

An appeal against this decision to the General Prosecutor in Frankfurt am Main is admissible within 2 weeks of the announcement. By filing the complaint with the public prosecutor's office in Frankfurt am Main (see sender's address), the time limit is observed.
